

WEEKLY SCHEDULE / SUMMER 2024

See ecdscampz.org for registration & early enrollment discount information

RAD CAMPZ 2ND & 3RD GRADES

Summer discovery awaits students entering 2nd or 3rd grade in the fall. Students enjoy two field trips each week that take campers off campus (one for learning and one just for fun). In addition to awesome, theme-related experiments and activities, each week will include fun cooking challenges, as well as music and movement activities, including Pilates, yoga, and dance to complement the weekly theme.

Jenn Budd
Director

Weekly Rate / Tuition Only: \$355
(\$335 when pre-paid by May 31st)

5-Week Bundle rate / Includes Unlimited Before & After Care: \$2,500
(\$2,350 when pre-paid by May 31st)

RadCampz weeks wrap-up every Friday with either a beach trip, or a "Splash Day" on our own 27' high Hurricane Water Slide.

"CALLING ALL ENGINEERS & CRAFTY INNOVATORS!"

● Week 1: (July 8 to July 12)

Welcome to Week 1 of RadCampz, which will focus on STEAM (Science, Technology, Engineering, Art, and Math). We will design and create things in our very own Makers Space. Campers will have a myriad of games to play and puzzles to solve and things to build. We let creativity rule with LEGO challenges and fun tasks to problem solve, before bringing the resulting solutions to life. Some of the possible field trips include: The Ruben H. Fleet Science Center, The Automotive Museum, The Discovery Cube, and Pennypickle's Workshop. On Friday, campers will glide into the weekend on our 19 foot high "Rainforest Rapids" and 27' "Hurricane" water slides!

"WAVES OF WONDER"

● Week 2: (July 15 to July 19)

Welcome aboard Week 2 of RadCampz. This week campers will focus on amazing Marine Life, including vertebrates and invertebrates, as they explore the world's numerous ocean habitats. Then they will embark on two awesome field trips to "wet their fins" and learn about all things Aquatic. On Tuesday they will cool off at the Alga Norte Swim Center, and on Thursday they will venture to Sea World. On Wednesday and Friday, campers will glide and splash on, not one, but two of our on-campus, super fun water slides!

"SURF & SAFARI"

● Week 3: (July 22 to July 26)

Welcome to Week 3 of RadCampz, focused on animals of all kinds ...but mostly carnivores. Campers will enjoy activities, crafts, and experiments on the wild side. We will journey on two exciting field trips: On Tuesday, we'll splash down awesome water slides and then get tubular on the surf simulator at The Wave waterpark. On Thursday, it's off to see Lions and Tigers and bears OH MY! at the San Diego Safari Park. On Friday, campers will glide into the weekend on our 27 feet high "Hurricane" and 17' "Rainforest Rapids" water slides!

"HEROES, LEGENDS, & MYTHICAL MARVELS"

● Week 4: (July 29 to August 2)

Welcome to Week 4 of RadCampz, focused on all things fantastic and magical! We'll have fun with our favorite comic book heroes, wondrous wizards, and other favorite fictional characters from books and movies. Field trips contemplated for Tuesday and Thursday include: The San Diego Maritime Museum to peer into the lives of pirates and one of the newest animated movies. On Wednesday and Friday campers will glide on our thrilling Hurricane and Rainforest Rapid water slides.

"ASTRO AVIATORS & GALACTIC EXPLORERS"

● Week 5: (August 5 to August 9)

During Week 5, Earthlings in RadCampz will focus on airplanes, rockets, and all things Space. They will lift-off into activities, crafts, and experiments that are out of this world. This week includes two exciting field trips: The San Diego Air and Space Museum or perhaps the Discovery Cube, then off to become "weightless" at Sky Zone or Alga Norte Swim center. On Wednesday and Friday, campers will slip and slide on our 27 feet high "Hurricane" and 17' Rainforest Rapids water slides.
